Funds Available for PQA Plus

REBATE PROGRAM CONTINUED!

PQA Plus = Education Session + Site Assessment

The Illinois Pork Producers Association (IPPA), the National Pork Board (NPB) and National Pork Producers Council (NPPC), are encouraging all pork producers to become PQA Plus certified and assessed.

IPPA, NPB and NPPC have allocated funds to offer \$100 per site that is assessed. Producers may request the rebate for up to 2 sites per premise registration number. The program became effective November 16, 2011. Site assessments performed prior to November 16, 2011, are not eligible for the rebate.

To be eligible for this incentive, producers must have:

- Completed the education component of PQA Plus
- All paperwork completed with corresponding premise registration numbers, including the site assessment and submitted to NPB
- Proof of the above submitted to the IPPA office.

The purpose of this program is to encourage pork producers to be proactive in providing the best possible care for their pigs. Having an extension professional, veterinarian or other swine industry professional systematically review your operation allows another set of eyes to identify potential improvement areas that might not otherwise be noticed.

Limited funds are available and will be distributed on a first come, first served basis.

Please contact Tim Maiers at tim@ilpork.com or call 217-529-3100 with any questions.
